

10th September 2018

Beryl Solar Farm – Construction commenced

Dear Community member / Resident,

Downer are pleased to update you that Construction of the Beryl Solar Farm has commenced. Preparatory site works including fencing, roads and other minor works are underway with the Site Office and amenities now in place. Mechanical installation works are scheduled to start in the next three weeks and Electrical works soon thereafter

Pile Driving will be commencing on 17th September for approximately 3-4 months. The hours / days of work for Piling operations are 7am to 6pm Monday to Friday and 8am to 1pm Saturday in accordance with the Development Consent. No piling works will take place outside of these hours

The Standard hours of work have been amended and approved by the State Department (in consultation with adjacent residence) to 7am to 6pm Monday to Friday (no change) and 7am to 5pm Saturday / Sunday.

Downer will endeavour to cease Construction works 1 hour prior to these finish times

Night Security will be in place from 17th September. Downer have discussed with the Security Company that during nightshift no flashing lights are to be used and spot lights kept to a minimum to avoid disruption

Please do not hesitate to contact Downer in relation to any construction related matters. The Downer construction team can be contacted by email at Berylsolarfarm@Downergroup.com, or by phone on **0439 742 832**.

Regular updates regarding construction of the solar farm will be included on the dedicated Solar Farm website: <http://www.firstsolar.com/Projects/Beryl-Solar-Farm>

Yours sincerely,

Downer Project Delivery Team
